Mahdi Noori

FULL-STACK WEB DEVELOPER
mahdinoori2389@gmail.com | GitHub | LinkedIn | Twitter | Medium | Portfolio

SUMMARY

Full-stack web developer passionate about open source and user-friendly interfaces. Experienced in pair programming and remote work, ensuring effective collaboration. Fluent in multiple languages, frameworks, and technologies.

SKILLS

Front-End: JavaScript, TypeScript, React, Next, Redux, jQuery, HTML5, CSS3, SCSS, Tailwind, Bootstrap
Back-End: Ruby, Rails, MySQL
Tools & Methods: Git, GitHub, Netlify, Mobile/Responsive Development, TDD, Chrome Dev Tools, Sanity
Professional: Remote Pair-Programming, Teamwork, Mentoring, Problem-solving

EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS   Remote
Full-Stack Web Developer   May, 2023– Present

Rest Countries — A mobile-friendly web app that lets you explore detailed country information.
Built with: React, Redux, API, HTML, CSS

Budget App — Cash Crafter is a user-friendly budgeting app designed to help individuals manage their transactions and maintain better control.
- Built with: Ruby on Rails, Postgres, Authentication, Bootstrap, CSS

Sanayee-Darman — An e-commerce web app that allows you to buy cosmatic products.
- Built with: React, Redux, Ruby on Rails, Tailwind, HTML

MICROVERSE   Remote
Mentor (Volunteer)   May, 2023 – Present
- Mentor junior web developers, providing technical support through code reviews.
- Propose improvements to code organization to improve code quality and overall performance.
- Provide advice and tips on how to maintain motivation to maintain longevity in the program.

JUUBIX   Remote
Front-end Developer (Intern)   September 2023 – December 2024
- Collaborated with the team to design and implement user interfaces for web applications.
- Utilized TypeScript and Next.js to create efficient and maintainable front-end code.
- Worked closely with designers to ensure the seamless integration of UI/UX designs.
- Participated in code reviews, debugging, and troubleshooting to maintain high-quality code.
- Contributed to the optimization of web applications for performance and speed.
- Actively engaged in daily stand-up meetings and team discussions to foster effective Communication and collaboration within the tech company.

HorizonX   Remote
Full Stack Web Developer   June 2022 – April 2023
- Collaborated with cross-functional teams to design and implement user interfaces for dynamic web applications.
- Leveraged TypeScript and Next.js to develop efficient and maintainable front-end code, ensuring a responsive and seamless user experience.
- Worked closely with UX/UI designers to integrate visually appealing and user-friendly designs into the web applications.
- Actively participated in code reviews, debugging, and troubleshooting sessions to maintain high-quality, error-free codebase.

- Contributed to the optimization of web applications, focusing on performance and speed enhancements to deliver an enhanced user experience.
- Engaged in daily stand-up meetings and team discussions, fostering effective communication and collaboration with team members.

EDUCATION

MICROVERSE   April, 2023 – Present

Remote Full-Stack Web Development Program, Full Time
- Spend 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Develop skills in remote pair-programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.

Maiwand Institute of Higher Education   April, 2020– January 2024

Bachelor of Computer Science
- Successfully completed a comprehensive curriculum covering a wide range of computer science topics.
- Gained a solid foundation in computer science principles, including algorithms, databases, and software development.
- Participated in collaborative projects and team assignments, enhancing teamwork and communication skills.
- Developed problem-solving abilities and critical thinking through coursework and practical projects.
